- **Regulation for the participants of Short Cours**

During the class, participants are obliged to consider the regulation as follows:

Participants change the name on Zoom with Format: #StudentID-Name, when attending course.	Participants are not allowed to share Zoom link to anyone besides for their own interest.
Activate Participants camera during course and keep attitude during course.	Participants are not allowed to be represented by other people and to fill the list of attendees on behalf of other people.
Chat on Zoom is designed only for question during discussion session in accordance with the determined time.	Participants are obliged to respect Speaker and every other participant.
When participants have question and/or technical difficulty, committee can be contacted via chat.	Participants are obliged to fill the list of attendees that will be shared in the end of session through Zoom chat.
Participants are expected to attend or join the class earlier to prevent the technical problem.	Certificate will be given to the participants who attend or follow the whole Short Course and take Post Test.

- **Final Evaluation (Post Test)**

Final evaluation (post-test) is held on the last day of Short Course (Saturday, 28th of May 2022) to assess the success rate of participation in the participants. Test has approximately 30 questions in multiple choice. Tests are taken using the Schoology application. Further details about how to implement final evaluation will be informed.
